*My first meeting with Carolyn was when she first came to work @ Bethania hospital on the 7th floor we were both L.V.N.'s & the first & most lasting thing that has forever stayed with me, was her unique "Smile" & her outgoing personality & the compassion in her eyes that she gave to the patients.*

*We instantly became friends that day as this was a part of her she had a way of becoming friends with people (she never met a stranger). If you met Carolyn once you were a friend from then on, she just had that unique personality.*

*I ran into her about a year ago & its unfortunate I have not seen her since, but once again she welcomed me with that "Smile" & friendliness & that will remain my last memory of her.*

*I will keep Steve, children & rest of her family in prayers for God to give each one of you strength, guidance, to get you through this difficult time as well as the future days to come.*

*Loved you Carolyn & your "Smile" & friendly personality will forever remain in my heart.*
