## 40th Anniversary

"Many happy returns to you Berlin American High School." This was what was said on October 14, 1986 to both Department of Defense schools and to BAHS. The second week of October marked 40 years of DoDDS schooling.

Thomas A. Roberts' school opened its doors to American dependents' children in 1946. The school started out with 33 students; and by the end of the year, 80 were enrolled in Grades K-12. In 1965, BAHS moved to its present location, with Grades 7-12 in attendance.

Berlin American High School presently has an enrollment of approximately 675 students. Most pupils are of military background, although students who are connected with the embassies, Pan American employees' dependents, and DoDDS civilian family member make up the total student body.

The activities held in conjunction with the anniversary included: birthday cake for all students, the releasing of balloons by the class officers, the burying of a time capsule, and an all around good time.

## 750 Years

This year, Berlin celebrates its 750th birthday. The city originated as a small settlement by the Spree River in the thirteenth century. Some scholars believe the name "Berlin" comes from an ancient Slavic word meaning "small dam".

Berlin did not become a great city overnight. In fact, it had fewer than eight thousand people even though the city was a haven for French Huguenots and other Protestant refugees. After 1701, Kaiser Frederick I extended Berlin to take in several outlying communities including Koln. By 1713, Berlin had more than sixty thousand residents.

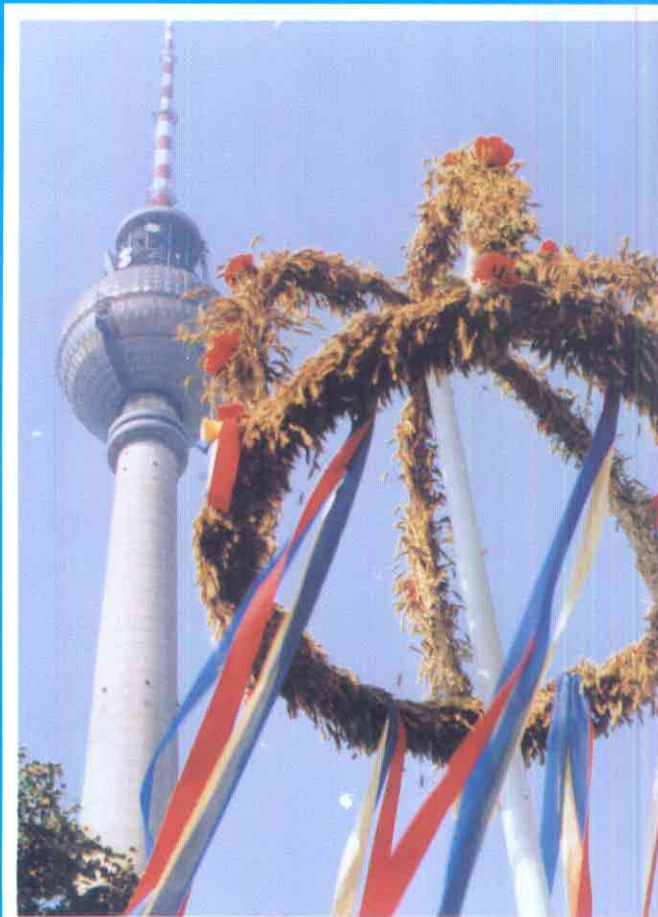

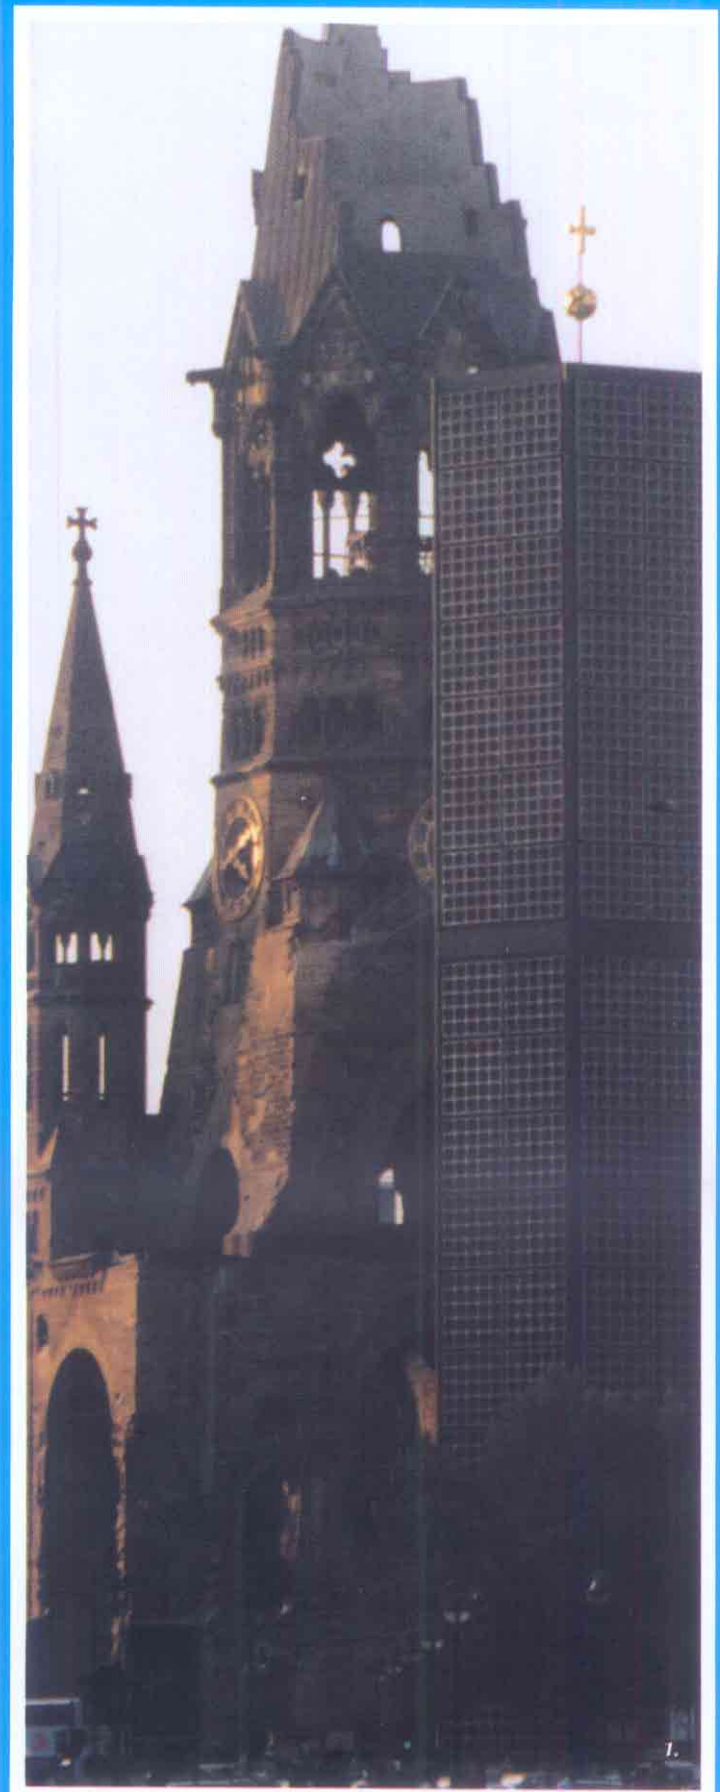

Although the city was occupied during the Seven Years War and the Napoleonic Wars, Berlin continued to grow and had over 200,000 inhabitants by 1820. Sixty years later, there were more than a million.

By 1939, with more than 4 million people, Berlin was the world's fourth largest city.

Every month, since WWII, thousands of people had fled East Germany by crossing the border to Berlin and then flying to West Germany. But, when the Wall was built in 1961, crossing was forbidden.

Berlin became an isolated, divided city, and 3 million people chose to live and work in this island of democracy surrounded by a sea of socialism.

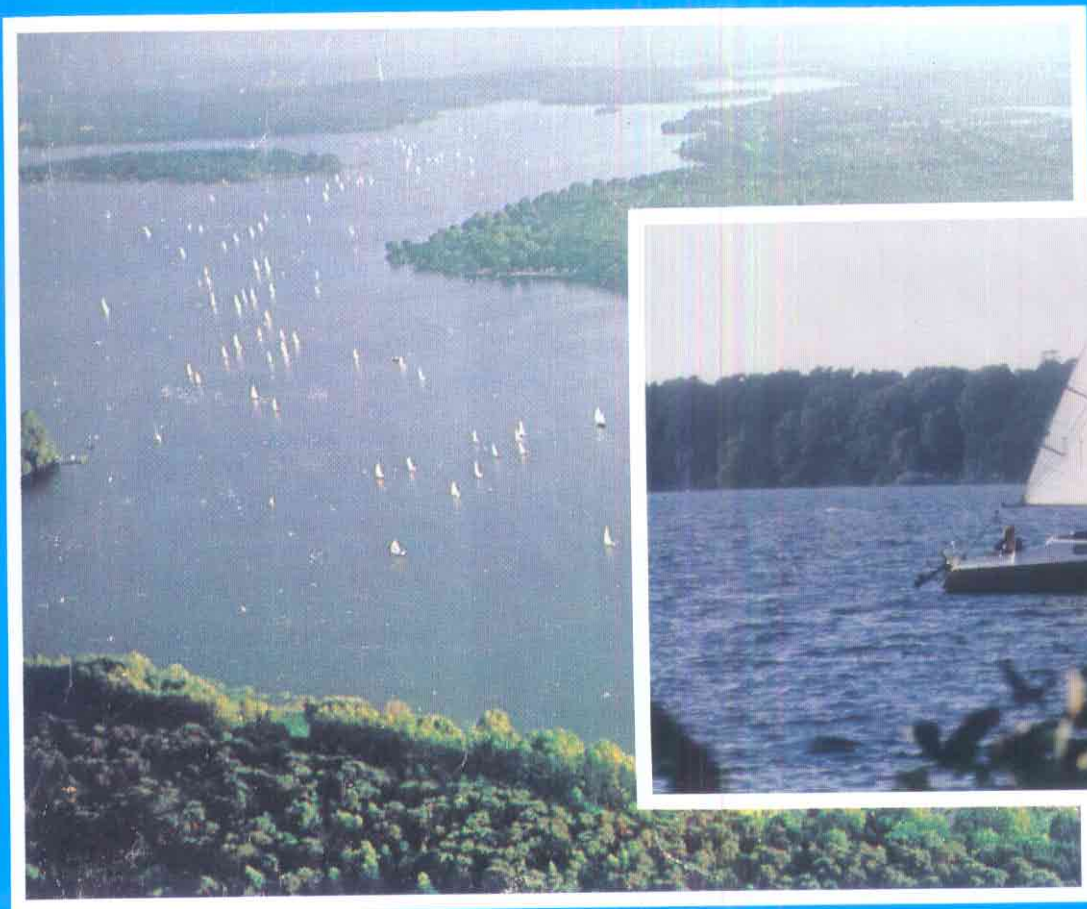

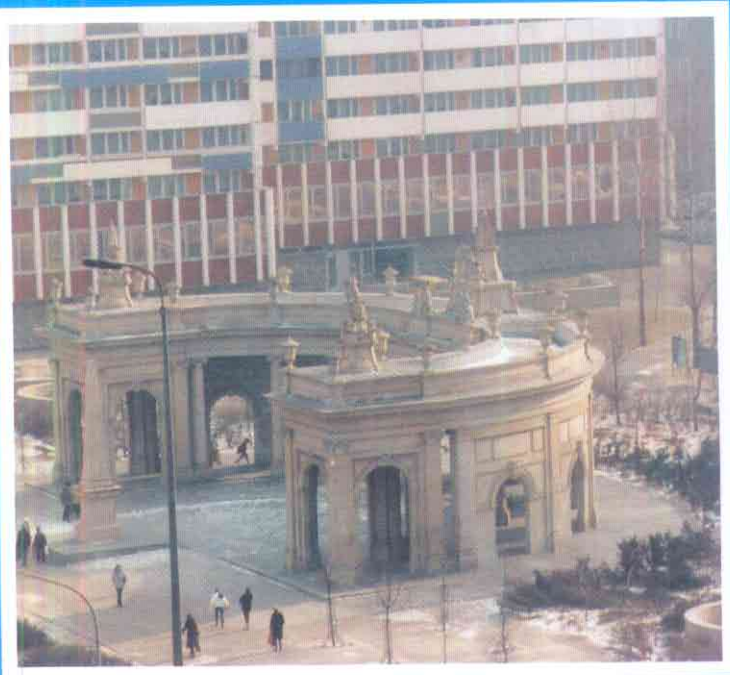

Now, as in the past 750 years, Berlin is a special city that shines as a ray of hope for her people and her nation. Happy Birthday Berlin!

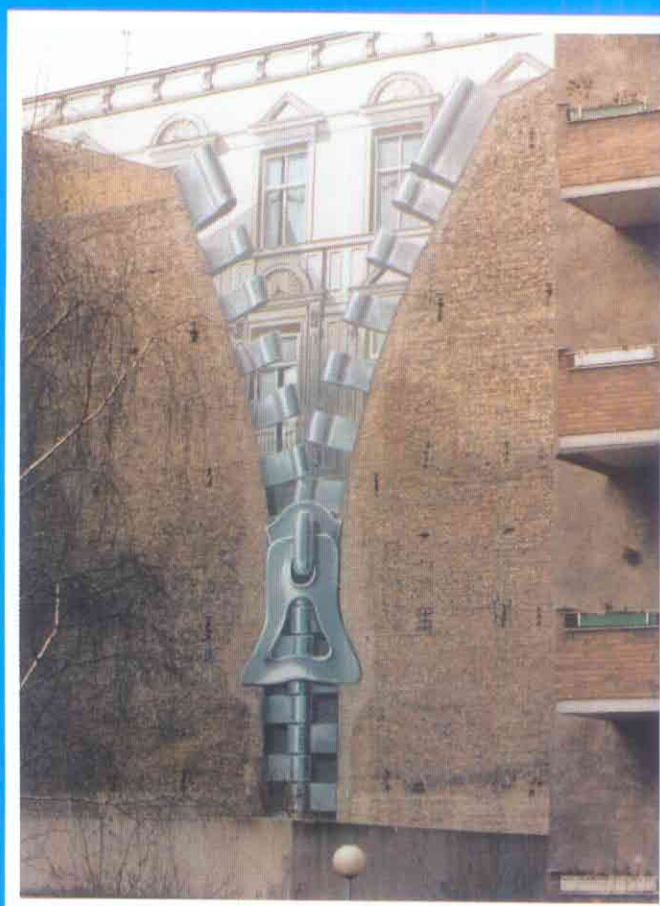

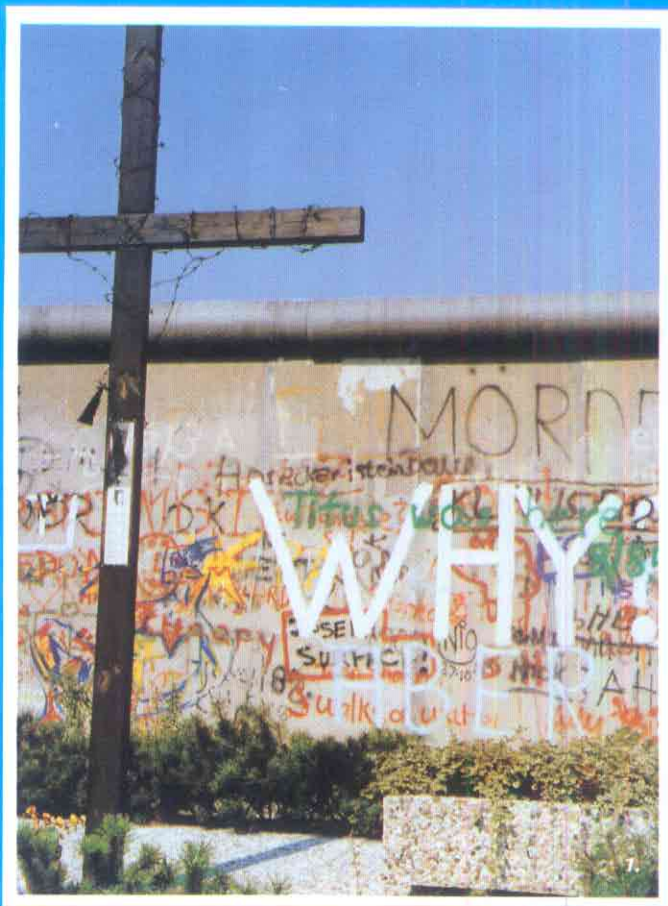

**(1) Kaiser Wilhelm Church: The Kaiser Wilhelm Church is one of the historical sites in Berlin. During WWII the Church was partially destroyed by warplanes. It is a silent reminder of the horrors of the second World War.**  
**(2) Pope's Revenge: The Pope's Revenge got its name from the cross that appears on the ball of the tower.**

(1, 2, & 3) The Berlin Wall In August, 1961, the East German government erected a barb wire fence to stop the flow of "capitalist pigs" into East Berlin, but the fine print says to keep the East Berliners from bolting to the West. Gradually the fence was replaced by a 3 meter high, 45 meter long concrete wall. Finally the East Germans mined the area by the wall; and if that is not enough, they placed towers within shooting distance of each other to stop anyone from crossing over the wall.

(4) Charlottenburg Palace Charlottenburg was built in 1695-99 under the order of Frederick the Great of Prussia.  
 (5) Checkpoint Charlie is the only place in Germany where Americans can cross over into East Berlin. Checkpoint Charlie is also where many East Berliners have tried to escape into West Berlin.

### **"A Catching Epidemic"**

*It hits on the first day of school and the cure is graduation. It only effects Seniors and causes their grades to fall, to get in trouble and generally go crazy. Are you wondering what this mysterious disease is? Well, it's Senioritis and afflicts millions of high school Seniors every year.*

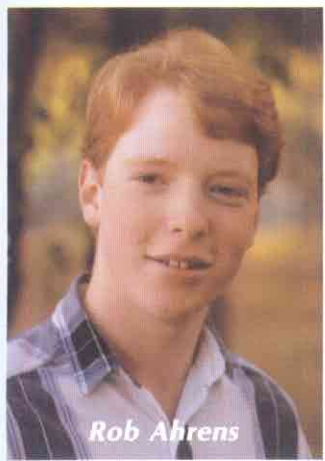

*Being a Senior, though difficult and demanding, can be the best year of your life. Playing pranks, skipping class, exams, and screaming "Seniors Rule!" at all of the pep rallies are just some of the things that come with being a Senior. Being a good example for your younger peers is the hardest of all and letting them know that Senioritis isn't so bad after all.*

*Senioritis is not a terrible or horrible disease but one that everyone loves to have and many times are sad but happy to see it cured. The cure is painful by wrenching the heart, causing butterflies in the stomach and tears to well up in the eyes. Along with the pain comes the feeling of accomplishment of finally finishing four of the most difficult but wonderful years of your life.*

*The year cannot last forever. There is a point when we must move on and tackle the future. Senioritis will carry on our legacy for years to come.*

### "Memories"

The sound of the rain is music to my ears,  
for it brings old memories somewhere back through the years.

When I was but a child, with an unscaring smile on my face,  
playing around in an open yard, back in a forgotten place.

The gushes of wind, which keep blowing through my mind,

brings forth long ago feelings, of a childhood lost in time.  
When all was simple and all of everything was sweet

and nothing but satisfaction my young life did meet.

Alas, but it's only rain and rain won't fall forever

and when it will stop my mind also shall cease to remember,

for suddenly I'm brought back to reality but though only  
for a while the rain lasted, I was able to recall those good ole' days. — Author Unknown

GET IN THE  
"SPIRIT"  
FOR SPIRIT WEEK!

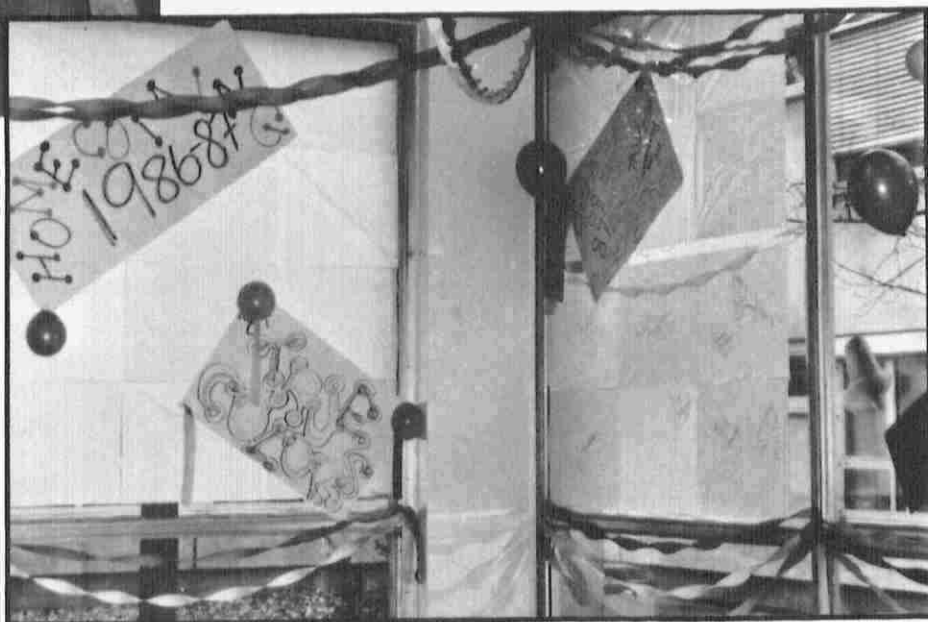

## TRADING PLACES

Once again, Spirit Week has come and gone along with cafeteria decorations, Idol Day, Mourning Day, Tacky Tourist Day, and Maroon and White Day. In addition to the dress-up days, we held Class Olympics, a Bonfire/Bonfire Dance, Homecoming, and, of course, the traditional Powder Puff Game.

The Powder Puff Game has the honor of being one of the roughest toughest, and meanest games that girls can play. This event only comes once a year and gives the girls a chance to wear their favorite football player's jersey. For others the game becomes a partial feud against the Seniors, or Juniors. That is where the cheerleaders showed their spirit. Face painted, pigtailed, and balloon busted males cheered and stomped to the beat of a rumble.

When the game was over and everyone had the opportunity to wear some of the cheerleader's shaving cream, fans and players alike looked at the scoreboard. It was a 12-6 Senior victory.

After the game, everyone went back to their traditional places. The guys took off make-up and traded in their skirts for 501 Levi's. As for the girls, they returned to their baggy, belted sweaters, pants, and skirts. We congratulate the Seniors on their victory and wish the Juniors the best of luck as they wait to become next year's Seniors.

## Class of '88

*The Junior Class started school year '86-'87 with a bang. First, we made a scrapbook to be placed with the time capsule in honor of the celebration of the 40th anniversary of DoDDS.*

*For Halloween we sold candy grams which were a great success. Spirit Week was just as much fun as was expected, and the Junior Powder Puff Team put up a great fight but came up a little short. We sponsored the Bonfire Dance which most students agreed was a great success. The Juniors handled the concession stand for Homecoming and that was a wise investment.*

*The Class of '88 sponsored another great dance in the spring and finished off the year in a flourish with a great Prom.*

# THE INTELLECTUAL

## NOTICE

*Due to our fried brains, we forgot to include the division page. So this is the beginning of the organization.*

## NATIONAL HONOR SOCIETY

The National Honor Society began this year with only four members. January found three new members inducted into the NHS. The main goal of the National Honor Society is to make the school more aware of this small organization. They would like to make BAHS a better place.

To Become a National Honor Society member, a student must have:

1. Attended a DODDS school for one semester.
2. Maintained a 3.2 average for the past year.
3. Write an essay on activities and offices you have held since the ninth grade.

*The Student Council is the voice of democracy for Berlin American High School. This year they organized a committee to draft a new constitution for our school. The constitution led to a greater feeling of participation by the students in our government.*

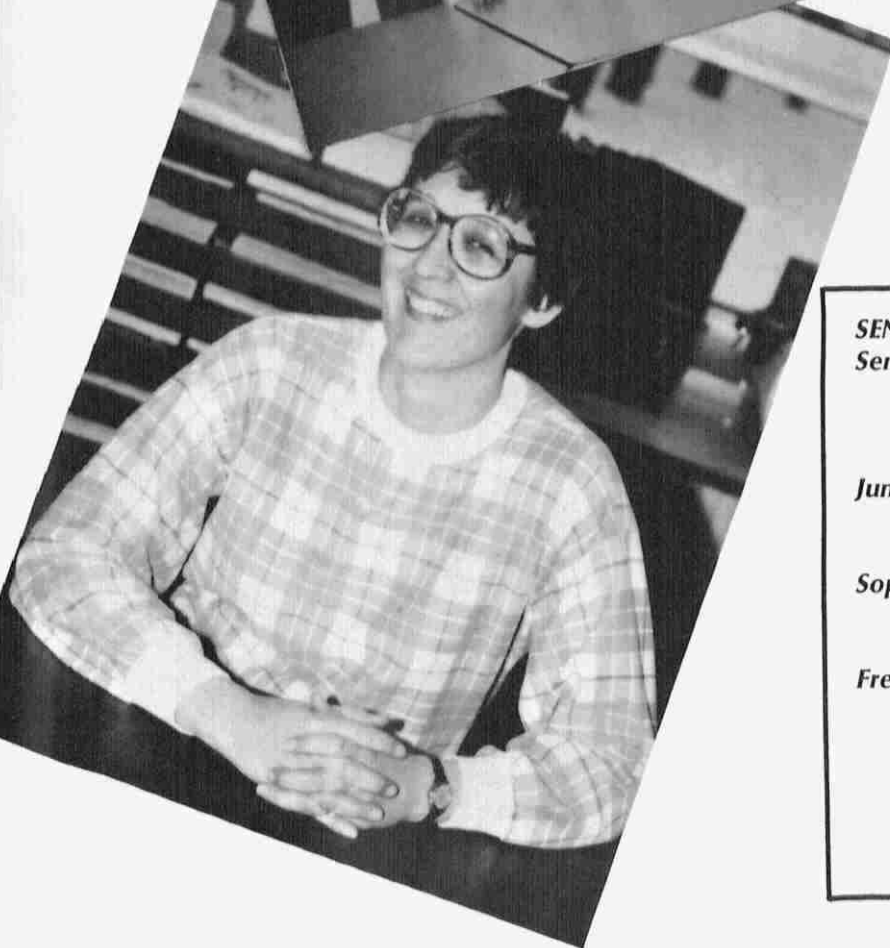

*They also set up a teacher appreciation committee. This made the teachers feel more involved and more willing to help promote school spirit.*

*The Student Council organized the celebration in Berlin of DODDS 40th anniversary and the burying of a time capsule to be opened in 1997.*

## The Band

What images do you conjour up in your mind when you think of a high school band? A uniformed group of spirited students playing their hearts out in support of their school? Well, that's exactly what we got this year, with some talent to go along! Here at BAHS we have three bands; the Beginning Band, Intermediate Band, and the top being Concert Band. There are quite a lot of younger kids, which means lots of potential and talent for future years. Three students from Concert Band attended Honor Band this year and did very well. Ayako Yamaguchi took first chair flute, Tiffany Madden took third chair flute, and Jenny Nousen took seventh chair clarinet. The band also went to S.O.P.A., and had a concert exchange with a German school. Other various concerts throughout the school year helped to boost school spirit as well. Mr. Kelb, the new Band and Choir teacher, said that the bands had come a long way, and were looking good in regards to next year. So, "Way to go" band, thanks for a great year, and keep up the good work!

# MAKING BEAUTIFUL MUSIC

## CONCERT CHOIR

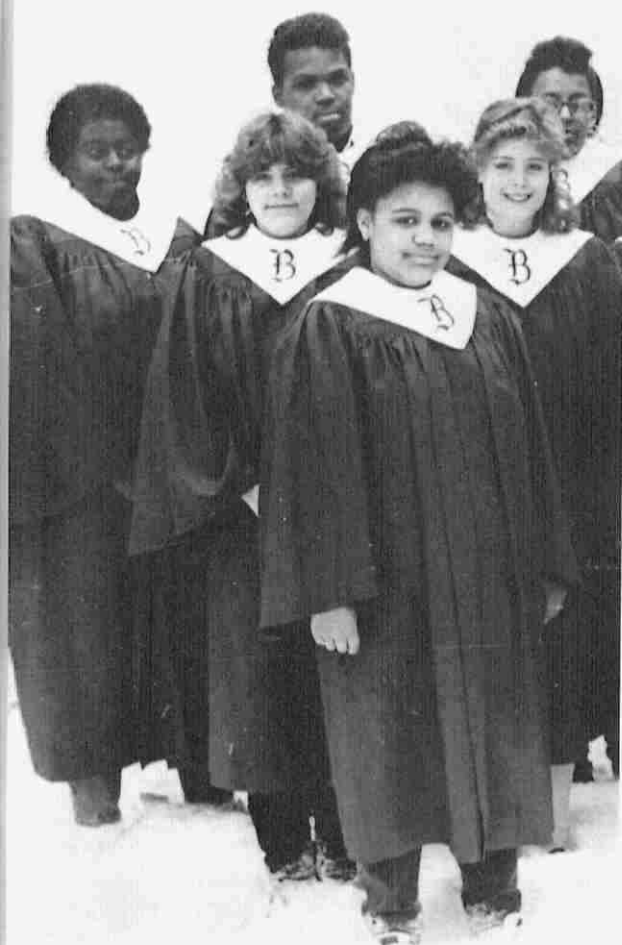

*This year concert choir worked hard to be in tune for their Christmas concert. They harmonized well thanks to the expert direction of their teacher, Mr. Kelb.*

*Mr. Kelb, a newcomer to Berlin American High School, has a great talent for maximizing the musical abilities of his students, and they never complain about his demands for hard work and dedication.*

*Concert choir also attended SOPA and Honors' Choir. This year they exceeded all expectations.*

*The members of choir are (left to right): Noel Smith, Stacy Moist, Paul Coyle, Monique Haddock, Linda Kump, Michelle Williams, Tammy Gilbert, Cory Ratliff, Jeanine Ozuna, Rhonda Spain, and Karsten Golston.*

## CHORUS

*this year busied themselves by learning the basics of vocal performances so that our choir can be even better next year. The members of chorus this year worked well together; and even if they do not plan to continue their musical training, they at least have an appreciation of the effort that goes into the performing arts.*

*Our chorus: Cynthia Berget, Karen Burnette, Johnny Evans, Kristen Hannig, Monica Hewer, Brandon Honeycutt, Natascha Jones, Jennifer Knight, Denise Madden, Michelle Martin, Jeremy Martinez, Mary Moreau, Wendy Nix, Carla Williams, Robert Williams II, and Casey Wyatt.*

**GREEN**

Despite controversy and disagreement in the faculty and administration, it was finally decided that BAHS would, as always, take its annual excursion to Grune Woche or Green Week.

Green Week, going on its 52nd year, is Europe's largest international agricultural food exhibit. Over 100 countries were represented by a stand promoting their horticultural, food products to both the public and interested investors.

Among the more popular things displayed at Green Week were the following: meat products such as hamburgers and steaks, various cheeses, wines and liqueur. Also on the munchie list were several types of candies, cookies and calorie-filled cakes.

The favorite hang-out for students this year (as always) was the American sector. The food was right at their fingertips, and entertainment was provided that day by the "Green Mountain Boys," a local talent group.

**WEEK '87**

# EVERYDAY IS

*"Everyday is MUN-day" is the motto of the Model United Nations class at BAHS. Students attend class and become involved in heated debates dealing with world issues such as Afghanistan, Iran and Iraq, and South Africa just to name a few.*

*Each student is given a country at the beginning of an issue to be debated. During that period they must support the country's policies and argue about their position in the world. Students become delegates for 55 minutes each day, supporting any country from the Fiji Islands to the Soviet Union or the United States.*

*The goal of the Model United Nations class is to prepare twenty students to go to The Hague International Model United Nations. This year BAHS represented the two countries of Bahrain and Gambia. The Bahrain delegation made a large impact in the Hague because out of 154 countries Bahrain took second place. This is the highest position Berlin has ever attained at the Model United Nations.*

## HOT OFF THE PRESSES!

*Busy, busy, busy, that's what the 1986-87 publications staff was this year. With meeting deadlines, running errands, trying to get pictures perfect and trying to get a newspaper out each month, who wouldn't be busy. But each month the staff managed to tackle all the deadlines with the words of wisdom from Mrs. Opitz "We're going to end up . . . ." Well, we ended up with one of the best yearbooks and some of the greatest newspapers that BAHS has ever seen. It may have been tough going but we made it through as you can see.*

## ***JOLLY GOOD TRIP***

*For the first time this year BAHS went to Scotland and as usual to England. Such sites as Warwick Castle, a haunted hotel, The Royal Shakespearean Theater (where they saw MacBeth), Edinburgh Castle, Abotsford (home of Sir Walter Scott), and of course the sites of London were enjoyed by all. Mr. Schmoll, the able and knowledgeable leader, showed the students many unforgettable sites and scenes of Great Britain. The trip was totally successful and enjoyed by all.*

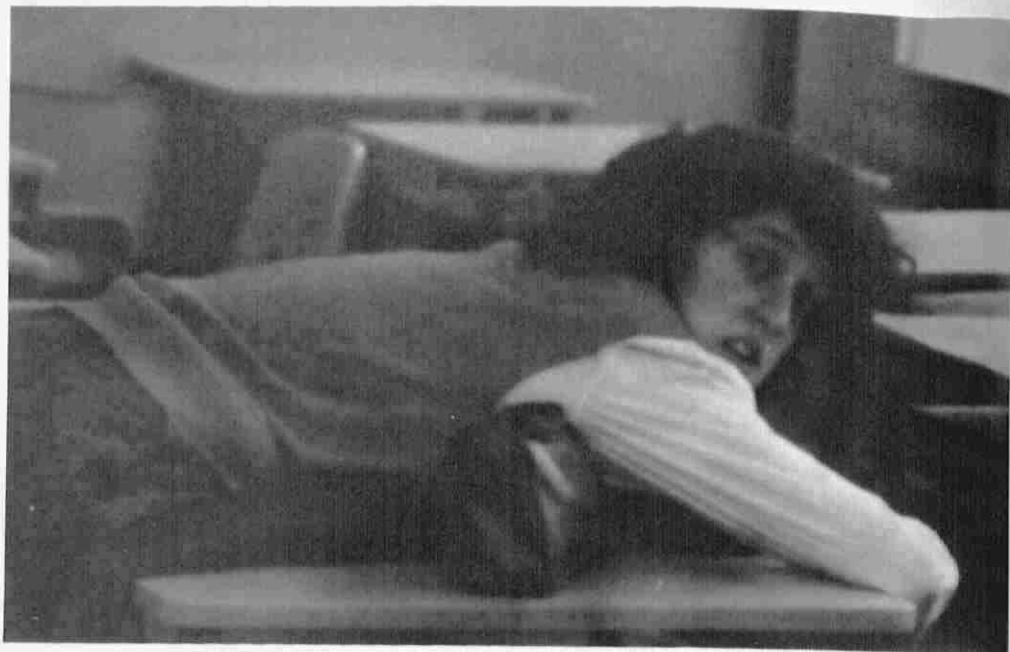

## HARZ MT. SKI TRIP

*While the high school was away at Russia, the junior high and a few freshmen were off to the Harz Mountains for a ski trip with Herr Prigge. This was not only a fun chance to ski, but also an opportunity to speak German and experience the German culture. The students who went all agreed that the adventure was definitely worthwhile and were thankful that there were no major accidents. Watch the 1992 Olympics and see if you spot any BAHS "hot doggers."*

## ... *Life*

*Junior High students are 7th and 8th graders who are in the transition stage between grade school and the demanding High School years. Many of the students are trying and doing things that, a year ago, were unheard of. For some it's their first night out on the Ku-Damm. For others it's making and hopefully learning from their mistakes. And for all it is the beginning of*

*their teen-age years. It is a time to enjoy themselves, to create new relationships, and to have a great time. We have tried to capture, in the Junior High Life section, moments of creativity, craziness, and maybe even a few serious moments. We have tried to capture those special times that make up the personalities of the Junior High students of BAHS.*

Two new administrators and several new instructors greeted school year 86/87 with high aspirations and objectives for the pupils at BAHS. Teachers shared the good times along with the bad with those individuals placed in their care for the purpose of broadening their educational horizons. *This year's 1986 Football team acquired 3 victories this past season. One of these wins was a non-scheduled game. We hoped for more but injuries sidelined many key players and slowed the momentum of the team. We are very proud of the teams' accomplishments this year and expect even better results next year.*

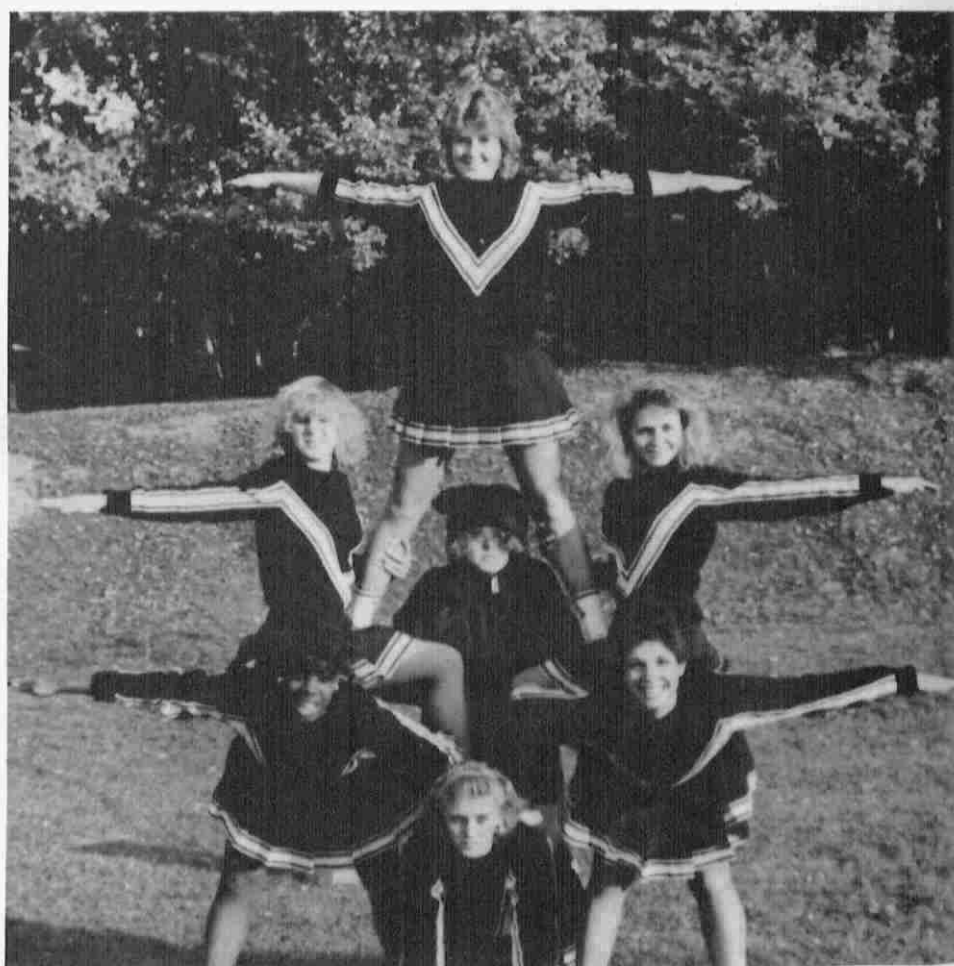

# Varsity and Junior Varsity

*Our varsity cheerleading squad, consisting of (from L to R) Nicole Baugh — Captain, Natasha Bunnell, April Munger, Marnie Nelson — Mascot, Lisa Freeman — Co-Captain, Angie Coleman, Michelle Wayne, and Calli Fuller (not pictured).*

*For the 1986 football season they were the inspiration which kept the team going, thru THICK and THIN.*

# Football CHEERLEADERS

*Although there was no J.V. football team, that did not discourage our J.V. squad to come and help pep-up the Bear fans.*

*From L to R: Linda Kump — Captain, Tiffany Madden, Denise Brumback, Nicole Horn, Danette Brown, and Cassandra Daniels.*

*The varsity cheerleaders and a few of the varsity football players, together would make a terrific team.*

# TENNIS

*If you ever pass by the Harnack House tennis courts in Fall, you're bound to run into one of the members of the tennis team.*

*This year's tennis team, despite early losses, members kept the winning legacy of our school's team going with a 5 and 1 match record.*

*Six players were sent to the Wiesbaden championships, a boy's and girl's singles and doubles team.*

*Separately the boys doubles took second and singles took sixth, and the girls doubles took tenth. Whereas overall they took home the small schools and single A schools first place award. Altogether one of the best seasons ever!*

*The team owes special thanks to their coach Mr. Eichner and advisor/trainer Tom Wickey without them all of our victories, practices, (few) defeats, and barbeques wouldn't have been the same!*

*The 1986-'87 Berlin wrestling season was somewhat victorious for the Berlin Bears. They had what it took to overpower their opponents; and if it was not for the forfeits of higher weight classes, the Berlin Bears would have gone to the top with their extraordinary talents.*

*The "Bears" had their good times and their bad times, but it never brought their spirit down; for most of them, they plan on coming back in '87-'88 and show everyone of what they are made. Luckily they went throughout the season with few injuries.*
