REMINDERS

All passengers must be processed by the train commander prior to boarding the train. The train commander is located in the processing booth inside the RTO. Please have your tickets, ID cards, passports and flag orders ready. Do not board the train until authorized to do so by a military policeman or the train commander.

On arrival at your destination, you must check and re-confirm your return booking with the local Berlin Booking Office. If you are traveling on a "space-available" (non-duty) status, there is no guarantee regarding the type of accommodations you will be furnished on your return trip. Duty travelers have priority.

The military crew on board each passenger train is responsible for your safe passage throughout the entire trip. Your cooperation and compliance with the pertinent rules and regulations will insure you a safe and comfortable journey. For those of you who are coming to Berlin, we of the Berlin Brigade wish you a pleasant stay in the "divided city." For those of you leaving, "Auf Wiedersehen" and "Good Luck".
